

Approval for this bulletin

Subject to priorities defined by the Technical Council and the Presidium, the results of the *fib*'s work in commissions and task groups are published in a continuously numbered series of technical publications called *bulletins*. The following categories are used:

Category:

Technical report
State-of-the-art report
Manual / Guide to good practice / Recommendation
Model code

Approval by:

Task group and chairpersons of the commission
Commission
Technical Council
General Assembly

Any publication not having met the above requirements will be clearly identified as a preliminary draft.

fib bulletin 108 was approved as a Manual by the *fib* Technical Council in June 2022.

The *fib* Working Group 2.3.2 - "Performance-based fire design" includes the following members:

Convenor: Thomas Gernay

Members: Marcus Achenbach, Patrick Bamonte, Jeremy Chang, Negar Elhami Khorasani, Jean-Marc Franssen, Hitesh Lakhani, Linus Lim, Cristian Maluk, MZ Naser, Joao Paulo Correia Rodrigues, Mohsen Roosefid, Atli Ratur Thorsteinnsson, Ruben Van Coile.

Cover images: Figures 5-13 (top left), 5-17 (bottom left), A-5 (top right), A-4 (bottom right).
