

Subject to priorities defined by the Technical Council and the Presidium, the results of *fib*'s work in Commissions and Task Groups are published in a continuously numbered series of technical publications called 'Bulletins'. The following categories are used:

category	minimum approval procedure required prior to publication
Technical Report	approved by a Task Group and the Chairpersons of the Commission
State-of-Art Report	approved by a Commission
Manual, Guide (to good practice) or Recommendation	approved by the Technical Council of <i>fib</i>
Model Code	approved by the General Assembly of <i>fib</i>

Any publication not having met the above requirements will be clearly identified as preliminary draft.  
This Bulletin N° 69 was approved as a Technical Report by *fib* Task Group 7.6 in January 2013.

This report was drafted by *fib* Task Group 7.6, *Critical Comparison of major seismic design codes for building*, in Commission 7, *Seismic design*, with the contributions from the following authors:
