

Subject to priorities defined by the technical council and the presidium, the results of the *fib*'s work in commissions and task groups are published in a continuously numbered series of technical publications called 'bulletins'. The following categories are used:

Category	Minimum approval required prior to publication
Technical report	Approval by a task group and the chairpersons of the commission
State-of-the-art report	Approval by a commission
Manual, textbook, guide (to good practice) or recommendation	Approval by the <i>fib</i> Technical Council
Model code	Approval by the <i>fib</i> General Assembly

Any publication not having met the above requirements will be clearly identified as a preliminary draft.
This Bulletin N° 72 was approved as an *fib* Technical Report by *fib* Commission 4 in March 2014.

This report was drafted by Task Group 4.5 *Bond models* within *fib* Commission 4 *Modelling of structural behaviour and design*.
